

# SCHOOL LUNCH PREPAYMENT FORM 2010 - 2011

Milford Exempted Village School District utilizes a computerized point-of-sale (POS) debit system that makes paying for school lunches much easier. Each student has his/her own STUDENT MEAL ACCOUNT that is accessed by entering his/her personal identification number (PIN) on the numeric keypad at the cashier station. The student's photo appears on the screen when his/her PIN number is entered. The cashier then verifies the student's identity before the student's purchases are deducted from his/her account. Money can be deposited into the account at any time, as often as needed.

**To Check Account Balance and Add Money to your STUDENT MEAL ACCOUNT** - There are three convenient ways to place money on a student meal account:

1. **Online Payment Service (www.cafeprepay.com)** using Visa, MasterCard, American Express or Discover. In addition, this online service allows you to check your child's account balance and view a detailed list of items your child has purchased. While there is a nominal service fee to make online payments, there is **no charge** to view account balances and a detailed list of items your child has purchased. Visit [www.cafeprepay.com](http://www.cafeprepay.com) and enroll in this easy-to-use service. Detailed instructions on setting up an account can be found on the Milford Schools website at [www.milfordschools.org](http://www.milfordschools.org), choose the "Nutrition Services" icon, then choose "Café Prepay Instructions".
2. **Checks** made payable to **Milford** Nutrition Services can be sent into school with your child. **Please include your child's name, grade and student ID # in the memo of the check and return with the completed form below to school.**
3. **Cash** - We do accept cash payments in the lunch line. However, recording cash payments daily for each student during lunch will slow the lunch lines.

We encourage you to prepay for your child's lunch, as this helps expedite the lines. You can prepay for the week, month or entire year. To calculate, count the serving days on the menu or school calendar and multiply by the lunch charge listed below:
