### **Instructor, Sherry Mulla**

With a BA in Music and  
Certified by the SAA\* for Suzuki Books 1, 2 and 3

Each lesson with Mrs. Sherry includes traditional note reading using standard method books, finger exercises, scales and chords and, of course, studying the Suzuki Repertoire. The Suzuki Repertoire is memorized hands separately and put together without a book. Amazing activity for the brain! Using the aural Suzuki Method and Traditional note reading blend gives us the best of both musical studies. Suzuki Piano can start children as early as 4 years. Adults also benefit from the Suzuki Method.

Group classes and recitals are held several times during the school year. Music is truly a gift that lasts a lifetime.

*“The potential of every child is unlimited” \*\**

The Studio is a separate space off SR 131 with its own parking area.
