WELCOME TO MILFORD JUNIOR HIGH SCHOOL

We are glad that you are one of our students and hope that this school year will be the very best school year ever! If you are a new student in the school district, we extend a special welcome to you and your family. Milford Schools have a proud tradition of providing quality educational programs to all students. Every student can achieve here if they have a sincere desire to learn. A quality teaching and support staff will assist you in every way possible. Don’t hesitate to ask questions if you don’t understand something. Be prepared every day to do your very best, to make a genuine effort, and to develop a positive attitude about school and learning. During the 2019-2020 school year, a safe and enriching environment will be provided where you can succeed.

We take pride in how we care for and respect each other and the school. This handbook is intended to provide basic information to you and your parents, not only at the beginning of the school year, but from time to time throughout the year. It is a reference manual containing the most commonly needed information. A complete set of the Board of Education policies is available in the school library. Please read this handbook carefully now, share it with your parents, and be prepared to refer to it throughout the school year. We believe that everyone in the school has a responsibility to care for and maintain a pleasant school environment. Let’s work together to make it happen!

It’s going to be an exciting school year and we are happy that YOU are here to be a part of it!

Best Wishes,
Mrs. Misty Goetz, Principal

WHAT IS A JUNIOR HIGH SCHOOL?
A junior high school is a place of your own, a place for young people who are ready for different teachers, for different subjects, for varied school activities, for a chance to study independently and grow socially; a place for someone who still needs just the right amount of guidance, help, and understanding in this most difficult growing period of your life.

At Milford Junior High School, you will have the opportunity for many learning experiences that will help you make decisions about high school, education after high school, and future careers. You will be given opportunities to get to know more about yourself and more about others.

You will be encouraged by your teachers, counselors and principals to be a responsible student by using good study skills and doing schoolwork regularly. Don’t get behind -- it’s difficult to catch up. If you do need assistance, don’t be afraid to ask your teachers for help. WE WANT YOU TO BE SUCCESSFUL AT MJHS!

MILFORD JUNIOR HIGH SCHOOL MISSION STATEMENT
The mission of the Milford Junior High School is to prepare our students to be lifelong learners who compete successfully in a complex world, to encourage students to take personal responsibility for their learning, to prepare students to be self-sufficient, independent, contributing members of their community and society.

MISSION STATEMENT ON CULTURAL DIVERSITY
Milford Junior High School recognizes and celebrates the diversity found in the community it serves and regards it as one of the school’s strengths. It is the mission of the staff to provide opportunities of all kinds which promote an appreciation and respect for all people as individuals. The school promotes programs and activities that educate, enrich, and endorse the concept that every person deserves to be treated and addressed in a caring and respectful manner. Milford Junior High is committed to providing a safe and
friendly environment to learn, and forbids words or actions of a hurtful or threatening nature, particularly those which are degrading in regard to race, sex, gender, religious or economic status.

Positive Behavior Intervention Supports (PBIS)

CLICK to view the PBIS Matrix with behavior expectations.

PBIS is a framework or approach for assisting school personnel in adopting and organizing evidence-based behavioral interventions that enhance academic and social behavior outcomes for students. PBIS is not a packaged curriculum, scripted intervention, or manualized strategy. It is a prevention-oriented way for our school personnel to:

1. Organize evidence-based practices
2. Improve implementation of those practices
3. Maximize academic and social behavior outcomes for students

GETTING STARTED - OPENING DAY
WILL I GET LOST? WILL I BE ABLE TO WORK MY LOCK? WILL I BE ABLE TO FOLLOW MY SCHEDULE? WILL MY TEACHER LIKE ME?

If you are thinking any or all of the questions above, most students are thinking the same. The opening day of school is a special day for everyone. Listed below are a few suggestions to help your first day of school go smoothly.

Our school hosts an open house for students on two days during the week before the first day of school. When you visit the school, you will be able to pick up class schedules, pay fees, practice opening your lockers, and visit your classrooms. This should help take away some of those “first day jitters.”

1. Academic Core Extension (ACE) lists can be found in several locations in the building. Your Academic Core Extension, or your ACE, assignment will be on the schedule you picked up during open house. Report to your ACE class upon arriving to school on the morning of the first day. On the first day, you should have with you a pencil, paper, notebook, and lunch money or packed lunch.
2. If you did not pick up your schedule during open house, you will pick up your schedule in the cafeteria on the first day. One of your teachers will explain to you how to read it. If you should get mixed up on your schedule, don’t worry; just ask a teacher for help.
3. Protect your belongings. Each year hundreds of dollars worth of personal possessions are lost or stolen at school - usually because of carelessness in taking care of personal possessions. DO NOT give anyone your locker combination, and do not leave your belongings lying about in the cafeteria, gymnasium, hallways, or outside. Do not bring expensive items or large sums of money to school. Make sure your locker is locked.
4. When in doubt, come to the office or seek the help of a teacher. We may be busy, but with your patience, we will be able to help you.

READING YOUR DAILY SCHEDULE
The school day is divided into periods numbered 1-6 and ACE. Abbreviations are used by the computer to help keep your schedule by period, day, quarter, and room number. Any staff member or teacher will gladly help you interpret your schedule. Do not hesitate to ask.

SCHOOL SUPPLIES
School supply lists will be mailed home. They can also be found on our website, prior to the start of the school year. (7th Grade Supply List) (8th Grade Supply List)

LOCKERS
Each student will receive a locker assignment at the beginning of the school year. All lockers are equipped with built-in locks. The lock combination is confidential. Students should never give their combination to any other student. The guidance office assigns lockers. Students who experience problems with lockers may receive help by reporting to the guidance office secretary. Personal locks are not permitted on hall lockers.

If a special need arises which requires a student to visit their locker, they may request a locker pass from the teacher. As with all passes, permission is at the discretion of the teacher. Students are not permitted to go to their locker during your lunch period. They should bring lunches and lunch money with them before this period.

Students are asked to keep their lockers orderly and neat. They are to use only the locker assigned to them. Sharing lockers has led to many problems and is not permitted. Lockers should be locked at all times. All personal items and books, when not in use, are to be kept in lockers. Students should not store valuables or large sums of money in their lockers. It is recommended that these items should not be brought to school at all.

The school cannot accept responsibility for safeguarding property in student lockers. Students are not to deface their lockers with markers, stickers, gum, etc. At the conclusion of the school year, students will be responsible for cleaning their own lockers. It is the practice of the school to have periodic locker clean-outs and checks throughout the school year.

Student lockers are the property of the Milford Exempted Village School District. Striking, kicking, defacing or otherwise abusing a student locker will be dealt with as a serious matter. Students are to use them only for school purposes. Students should be aware that their assigned locker will be jointly accessible to the student and school officials and may be subject to search at the discretion of school officials that may include canine searches.

Gym lockers are available for student use during physical education classes. Students need to bring a combination lock to secure belongings during class time, but must remove it at the end of each class period so that it is available for other classes. Students should use the same caution in safeguarding gym lockers as they do with their hall lockers.
CRITICAL STUDENT RECORDS INFORMATION

ENTERING/WITHDRAWING FROM SCHOOL
Parents will need the following official documents when registering a student:

1. Child’s birth certificate
2. Proof of residency (utility bill, lease agreement or purchase contract)
3. Custody papers (if applicable)
4. Shot record
5. Copy of most recent grades

Parents should notify the Guidance Office as soon as possible if it becomes necessary to withdraw a student from our school. In the event a student must withdraw, proper forms must be completed, library and textbooks returned, and fees paid before a student’s records will be forwarded to the next school.

VACCINATIONS
All students are required by law to have documentation of their Meningitis and Tdap booster vaccinations in the clinic by Friday, September 6, 2019.

EMERGENCY MEDICAL AUTHORIZATION FORMS
Ohio state law requires an emergency medical authorization form from each student. This enables parents to authorize emergency treatment for a student who becomes ill or injured while under school authority, when parents cannot be reached. It also alerts school personnel to medical problems that may require special treatment or attention.

Students cannot participate in extracurricular activities or field trips unless these forms are on file. All students must submit their emergency medical forms along with any other necessary documents through final forms. If the proper forms are not on file, the student may be excluded from school.

CHANGE OF ADDRESS OR PHONE
In order for school records to be kept current, and in the event it is necessary to contact parents for emergency purposes, the school office must be notified of any change in student’s address and phone number as soon as they occur. It is especially important that parents’ work phone numbers and emergency phone numbers be kept up to date.

CHILD CUSTODY
Parents are to inform the school anytime the custody of a child changes. (SB-140 requires this information.) School officials will need to see and copy Court Orders pertaining to a child’s custody. Questions in regard to proper procedures will be handled through the Counseling Office. Restraining orders must be on file in our office to activate non-release of students. Should the restraining order not be in effect, it is the responsibility of the parent to contact the school.

PARENT’S ACCESS TO STUDENT RECORDS (ORC 3319.321)
Communication lines between parents and teachers must remain open in regard to the records being maintained on the progress of students. School records must contain personal information about the student (name, birth date, address, phone, etc.), test scores, yearly grade averages, health and emergency information, information about the student’s progress in the academic areas, as well as special interests and
aptitudes. Parents have the right to request access to their child’s school records and the reasonable request of school officials to explain and/or interpret those records. Parents may request copies of the records and they are afforded the opportunity for a hearing to challenge the contents of the records. School officials must grant access to these records within 45 days of the request. A fair charge may be imposed for the cost of the copies requested.

NON-CUSTODIAL PARENT ACCESS TO STUDENT RECORDS
A divorce or change in custody does not change the right of a natural parent to have access to their child’s records. A non-custodial parent may request and receive a copy of the child’s records; however, step-parents do not have rights to records, reports, or conferences unless granted by the custodial parent.

GRADE & PROGRESS REPORTS
All students receive four (4) quarterly reports each school year. Traditionally, there were mid-quarter progress reports (interims) for parents to access, but Progress Book access is available at all times. Quarter report cards are sent home with the students following the end of the first, second, and third quarters. Final, year-end, report cards are mailed home within ten working days of the end of school.

All grade changes must be approved within two weeks after the end of the quarter.

Teachers and other staff members are available to assist parents in providing information about student performance and progress through email, phone, and/or conferences.

PROGRESS BOOK/SCHOOLEGY – MJHS WEBSITE (Click to view available Resources)
Milford Junior High School uses Progress Book as a secure and easy way for educators, parents, and students to share information online. Parents who have access to the Internet are able to access their student’s grades and progress 7 days a week, 24 hours a day. Progress Book is another tool to provide timely and specific information to our parents so that by working together, we can ultimately enhance student success. Teachers will list the current week’s assignments every Monday by 4:00 PM on Schoology.

We encourage you to activate your Progress Book account as soon as possible. Please contact Cindy Bryant in the Counseling Office at 248-3444 if assistance is needed.
SCHOOL FEES (2019-2020)
School fees are assessed for all students and are a part of the costs of supplies consumed during the process of instruction or for items which become the personal property of the student. A general fee of $10.00 covers items such as assessment materials, registration guides and other reports. Class fees are assessed for supplies consumed in courses such as art, science or life skills. All fees are due by the end of 1st Quarter. General (All Students) $10.00, Chromebook $300.00, Technology (All Students) $10.00 and then add:

*Side note: Student meals are subsidized by the Federal Government; these funds cannot be used to subsidize adult meals.
Meals include all sides, milk, and one of the following entrees:

**Regular Meals** include an entrée from the printed menu or a Burger/Cheeseburger.

**Super Meals** generally provide larger portions than a regular meal.

Monday: Bosco Cheese Stuffed Sticks w/Marinara Sauce
Tuesday: Deluxe (Crispy/Spicy) Chicken Patty on a Bun
Wednesday: Specialty Pizza
Thursday: Deluxe (Crispy/Spicy) Chicken Patty on a Bun
Friday: Specialty Pizza
Daily: Super-Nachos & Cheese

**Snacks** meet strict nutrition guidelines for fat, sugar, and sodium, referred to as Federal “Smart Snack” regulations. Parents, who prefer to limit snack purchases, must complete a Meal Account Restriction Form, available online. The restriction will be noted on the child’s meal account.

Students are discouraged from substituting snacks for a meal and are required to show their packed meal or school lunch to the cashier, when purchasing snacks.

**Charges:** Charging school lunches is discouraged, but program policy allows student charges to prevent them from going hungry when their meal balance is in the negative. However, when a student accumulates an excessive negative balance, the student may be served an “alternate meal” with a cheese sandwich entrée for a charge of $1.30, until all charges are paid in full. Students with charges are not permitted to purchase snacks or other a la carte foods, such as extra meals, until all charges are paid in full.

**STUDENT CAFETERIA EXPECTATIONS**
All students are expected to adhere to the following guidelines when using the cafeteria at lunchtime:

1. Students are to go directly to the cafeteria when dismissed for lunch. This includes those students who have packed their lunch.
2. Students are to sit at a table they are assigned.
3. Eating and drinking is to be done only in the cafeteria or outside the gym, at breakfast.
4. Horseplay, throwing of food and other similar behaviors are prohibited.
5. Students are to follow the direction of cafeteria staff, supervisors and monitors.
6. Cutting in line is prohibited.
7. Students are to clean up after themselves and deposit all waste and trash in the provided receptacles.
8. Students are to sit at their assigned table(s)
9. Failure to follow these guidelines may result in referral to the Student Code of Conduct.

**VENDING MACHINES**
Students have access to the vending machine by the gym after school hours only.

**FOOD AND BEVERAGES IN THE SCHOOL BUILDING**
All food and beverages are to be consumed in the cafeteria, except for breakfast served outside the gym. Any exceptions must be approved in advance by the administration. Under no circumstances should any food
or opened drink be taken to classrooms or through the halls. Students are not to consume beverages from their own or another’s locker during the school day. Students are to refrain from bringing gum or candy to school. All beverages brought to school for consumption at lunch must be in their original containers; glass bottles are prohibited. The purpose for limiting food and beverages to designated areas is because food consumption could cause issues for students who have allergies who use the same rooms and areas later in the school day.

**After School Activities:** These food regulations do not impact activities that take place after school hours including team or club meals, open houses, or vending machines and extracurricular concessions. School activities and food offered after the school day, however, should encourage and support lifelong wellness practices. Activities in classrooms after school in which food is consumed should be carefully scheduled to insure that rooms are cleaned and sanitized before classroom instruction the next day.

**TRANSPORTATION**

**SAFETY TO AND FROM SCHOOL**

The school is directly responsible for supervision of students only while they are on school property during school hours. Limited supervision is available for students arriving 15 minutes before the tardy bell. Once the student leaves the school or the bus they become the responsibility of the parents. We will cooperate with parents in stressing the rules of safety to and from school and at bus stops. We will assist with discipline problems that occur between home and school. However, misbehavior that occurs off school property is a police matter.

**WALKERS**

Students living within the vicinity of our campus are permitted to walk to and from their homes. Students who are doing so are to identify themselves on the first days of school to those staff members who are supervising the dismissal process.

Students who are walking home are to leave school property immediately. Students crossing Wolfpen Pleasant Hill Rd. need to use the crosswalks at Eagles Way. Unless students are involved in an after school activity they should not be in the building after 2:30 PM. Loitering at the high school or in other areas of the campus is forbidden.

**MOTOR VEHICLES**

Students who are being taken home in automobiles by parents are to do so at the rear or the front of the building. No student is permitted to ride in private automobiles except those driven or approved by their parents or guardians.

**BUS INFORMATION – FOR SPECIFIC TRANSPORTATION INFORMATION, CALL TRANSPORTATION AT 575-1563**

The Milford Board of Education provides transportation for students in accordance with the rules and regulations of the State of Ohio. All schedules, routes, and stops are under the direction of Mrs. Hall, Transportation Supervisor. Note that bus passes will be issued in emergency situations only.

**STUDENT CONDUCT ON SCHOOL BUSES**

Once a student boards the bus, he/she becomes the responsibility of the school district. Students on a bus are under the authority of and directly responsible to the bus driver. The driver has the authority to enforce the established regulations for bus conduct. Disorderly conduct or refusal to submit to the authority of the
driver will be sufficient reason for refusing transportation service to any student; in addition, referral may be made to the Student Code of Conduct Regulations.

STUDENT TRANSPORTATION POLICIES

1. Pupils shall arrive at the bus stop approximately five minutes before the bus is scheduled to arrive and wait in a location clear of traffic and away from the bus stops.

2. Behavior at school bus stops must not threaten or harm any individual, or damage anyone’s property.

3. Upon boarding the bus pupils must go directly to an available or assigned seat and remain seated keeping aisles and exits clear.

4. Pupils must observe classroom conduct and obey the driver promptly and respectfully.

5. Pupils must not use profane language.

6. Pupils must not have tobacco, alcohol, or drugs in their possession on the bus.

7. Pupils must not put head or arms out of the bus window and are not allowed to throw or pass objects on, from or into the bus.

8. Pupils must leave or board the bus at the location to which they have been assigned. In the case of a family emergency for which this needs to be changed, parents must notify the Milford Junior High School Administrative office in writing and a phone call to verify any change in this procedure. Approval for a change will not be granted until parents have verified with the Administrative office.

9. Special arrangements will be made for the use and storage of equipment and other means of assistance required by handicapped pupils.

10. Parents with pupils that have a medical problem that requires driver attention should notify the Director of Transportation.

11. Pupils may carry only objects that can be held in their laps. Pupils are not permitted to bring objects that are potentially dangerous such as glass, coat hangers, pets (guinea pigs, turtles), large toys, skateboards, ball bats, basketballs, large stuffed animals, and large science projects.

12. Do not engage in loud talking or laughing. Unnecessary confusion diverts the driver’s attention and may result in a serious accident.

13. Video cameras will be used to monitor student behavior and may be used as evidence in student disciplinary proceedings. The tapes are student records and subject to school district confidentiality, board policy, and administrative regulations.
ILLNESSES AT SCHOOL
Students who become ill or injured, or who need medical help during school hours, are to report to the clinic (located in the yellow hall). In all but emergency cases, a student must receive permission and a hall pass to do so.

Depending on the nature of the illness, a student will be kept for observation for a short period of time, or a parent will be notified to transport the student home. No student will be permitted to leave the building without permission from a parent or guardian, and may use only the transportation provided or arranged for them by parents and school staff.

In the event a student becomes ill while at school, students should immediately notify the teacher when ill. After receiving permission, ill students should report directly to the health service aide in the clinic. If the clinic is closed, the student should report to the main office. If necessary, the health service aide or the attendance secretary will make arrangements to send an ill student home. No student will be sent home without school personnel first contacting the parent/guardian. In-school illness will be excused only if the student has reported to the clinic or main office. All necessary restroom and medical facilities are available in these areas. Students are not to make phone calls or arrangements regarding illness at school except through appropriate school personnel.

MEDICATION POLICY
Clinic or other school staff cannot, by state law, dispense medication without the consent of a student’s physician and his/her parents or guardians. Medication can be dispensed only with all requirements of Section 3313.713 of the Ohio Revised Code and in accordance with Milford Board of Education Policy. Parents should ask their doctor to arrange the time medication is to be given to avoid school hours if possible. Parents are permitted at any time to administer medication to their students when long-term arrangements have not been made or are unnecessary.

Parents who anticipate that prescribed medication is to be administered on a regular basis during school hours are to obtain the necessary forms from the school and bring a supply of the prescribed medication in the original container to school. Such prescriptions will be locked in the clinic and administered as instructed. Forms are available in the school office and will be included in the information taken home by the student at the opening of the school year; new request forms must be submitted each year. Specific documentation is required if a student must use an inhaler to self-administer through the school day.

Other than inhalers, students are never permitted to carry prescriptions or over-the-counter medications on their persons or in their belongings while at school. Parent completion of the non-prescription drug form would allow clinic or other school staff to administer non-prescription drugs (in their original container) for no more than three days without a physician’s statement.

HEAD LICE POLICY
Information concerning the District’s Head Lice Guidelines is available on the District Website. If at any time you have a question or concern, please contact the District Nurse at 513-576-2214 or email price_p@milfordschools.org. From the MEVSD “Head Lice Guidelines”
LIBRARY PROCEDURES
Students may check out 3 books at a time. Books will be due every 3 weeks. All overdue books must be returned or renewed before another book can be checked out. All books more than 3 weeks overdue will be marked lost. All lost books must be paid for in full.

PHOTO I.D. CARDS
Each student will be issued a Student Photo I.D. sometime after fall pictures are taken as part of the school picture package. These are needed to check out library materials, use the Internet at school, or to verify student prices for those attending high school athletic events. New students must see the librarian to have their picture taken and will then be issued an I.D. There is a $5.00 charge to replace a lost I.D.

ACADEMICS AND ACTIVITIES

TEAMING
Teaming is a way of grouping students and teachers together to eliminate impersonal, random scheduling and instead create small learning communities within our school. Academic teachers of the core, or required courses, share a common group of students, and have time within their professional day to collaborate about their students and instruction. Students are distributed across the teams so that each team will have students with a wide range of abilities, and the students do not travel through their core courses as a group. This is important to allow our students to mix with a variety of students throughout the day. Students will be assigned to one of the four teams at each grade level at Milford Junior High. The core courses will be the required academic courses taken within your team.

THE CORE CURRICULUM
Grade 7 and 8 each have four core content curriculum periods per day. Those periods are: Language Arts, Mathematics, Science, and Social Studies.

ELECTIVES
There are 6 periods a day and students will complete their day by choosing from a wide variety of electives offered at MJHS. More complete information about elective courses is available in the Milford Junior High School Registration Guide, on Counselor’s Corner on online, or by contacting your Counselors at 248-3444.

ENRICHMENT OPPORTUNITIES
The Junior High School offers many opportunities for enrichment purposes. Many of our elective courses are designed to be of value to students wishing to pursue their personal strengths or interests. In addition, the Junior High offers numerous extracurricular activities designed to enrich our students. Please refer to the registration guide for a listing of academic courses which offer enrichment and/ or accelerated instruction. Other opportunities include but are not limited to Academic and Cultural Arts Contests, Solo & Ensemble Contests, Band and Chorus Contests, Math Counts, and Ohio Tests of Scholastic Achievement.

ASSEMBLIES
The Junior High holds several educational assemblies that enrich the curriculum for all our students.

ACADEMIC RECOGNITION
Students at Milford Junior High School have numerous ways to earn recognition through outstanding performance in their academic work. A summary of these opportunities follows:
HONOR ROLL
Each quarter our school publishes the names of those students who have achieved honor roll status.

Also awarded, two categories are included:

- Highest Honors: For students earning a perfect 4.0 GPA for the quarter.
- Honors: For students earning a 3.0 GPA or above for the quarter.

MIDWEST TALENT SEARCH
Students who score at high levels on the SAT or ACT the same tests given to college bound juniors and seniors are awarded certificates. To be eligible to take the SAT or ACT as part of this program, a student must have scored in the 95th percentile or above in his/her most recent standardized test.

NATIONAL JUNIOR HONOR SOCIETY
Students are selected for membership in this prestigious organization through application and faculty review. A cumulative GPA of 3.75 or higher is required. Final selection is based on the society’s standards of character, citizenship, leadership, scholarship and service, requiring student application and demonstration of performance. For details, see MJHS National Junior Honor Society Application.

For more detailed information about weighted grades, college credit plus and academic recognition, refer to the district policy (I KC-R).

EXTRA-CURRICULAR ACTIVITIES
Our Junior High is a very busy place indeed, as we provide numerous after school activities to encourage participation and allow our students to explore. We encourage our students to get involved - this is a wonderful time to try new things! Participation will make student life richer and help our students develop in many ways outside of the classroom. Did you know that students who are involved in extracurricular activities often earn better grades and enjoy their school experience more? We hope that your years at Milford Junior High School are enjoyable both in and out of the classroom. Please see our school webpage for more information.

INTRAMURALS
Students may wish to become involved with one or more of our intramural programs. We offer numerous after school activities that encourage participation and allow our students to explore various activities. Student interest has evolved into Math Counts, tennis and golf among others. Refer to our Activities Booklet for a more complete listing. Intramurals are geared to match with student and staff interests. New ideas for intramurals should be presented to the Athletic Director, Mark Trout at troutjm@milfordschools.org.

ATHLETICS
The Junior High is the first chance many of our students have to participate on school teams, and we offer many opportunities for involvement:

Fall Sports: Cheerleading, Football, Volleyball, Cross Country

Winter Sports: Basketball, Cheerleading, Wrestling, Diving

Spring Sports: Track and Field
In order to participate, students must have physician permission, and a participation fee $100.00 is charged for the first sport played.

$50.00 is charged for the second. The third sport can be played with no participation fee.

ACADEMIC ELIGIBILITY POLICY FOR GRADES 7-8

- Incoming 7th graders are eligible for the grading period following their promotion.
- In order to earn eligibility in all grading periods thereafter, a student must receive passing grades in at least three-fourths (75%) of all subjects during the previous grading period.
- Semester average and yearly average have no effect on eligibility.
- Summer school courses cannot be used to remove deficiencies in order to gain athletic eligibility.
- All Milford student-athletes must maintain a minimum grade point average of 1.5 during the 2019-2020 school year.

CO-CURRICULAR ELIGIBILITY

Students in the following activities, but not limited to, Concert Choir, Builder’s Club, Math Counts, Newspaper, Yearbook, Student Council, and Peer Mediation must maintain a minimum grade point average of 1.5 during the 2019-2020 school year. Office aides must maintain a C or better in all classes in order to become an office aide.

HIGH SCHOOL ACTIVITIES

Milford Junior High students may attend high school events and activities, which are open to the general public, such as games, plays and musical performances. All rules of conduct that apply to students are in effect for these events.

Junior High students, however, are not permitted to attend high school social events, such as Homecoming Dances, the Prom, or other similar activities, even when asked as a guest. Likewise, high school students may not attend Milford Junior High social events.

REPORTING ABSENCES (395-8338)

When a student is going to be absent, parents must call this 24 hour voice mailbox by 9:30 AM.

BOOKBAGS/BACKPACKS/GYM BAGS

In the past several years the use of book bags and/or backpacks has become common. They are a convenient and efficient way for students to carry their books and other belongings to and from school. However, as with all things, some problems have occurred due to their use.

Some students have carried everything they bring to school to each and every class all day. This amounts to seven or eight books, notebooks and folders, pens, pencils, and in some cases, athletic equipment for use after school. Safety in our halls and classrooms is the major concern here. Large, heavy bags are unsafe when carried through crowded hallways and create a real hazard when they block aisles and exits in classrooms. This has also contributed to students’ poor organizational skills and has increased damage to both personal property and school materials.

Students are not permitted to carry book bags, sackpacks, or shoulder bags to classes. Any bags being brought to school should be small enough to be kept in lockers during the school day.
PERSONAL BELONGINGS, VALUABLES, AND MONEY WHILE AT SCHOOL

Each student is responsible for the security of his/her own belongings while at school. The school provides a locker for the storage of such items, providing the combination lock information to individual students only. Problems have occurred repeatedly when this information is shared with other students.

The school will not be responsible for personal items which are lost, stolen or damaged while at school. There is no need for students to bring valuables or large sums of money to school. Similarly, our school is not a place for students to transfer, loan, or swap personal belongings or money. The school cannot use its authority to enforce verbal agreements between students.

Students must assume the adult responsibility to take care of their own belongings. There is simply no way the school can help to protect items left in hallways, unlocked classrooms, locker rooms, or on the grounds.

ELECTRONIC DEVICES

Students are not to bring laser pens, video games etc., to school. Students doing so will be subject to disciplinary action. This will prevent all potential problems. MP3 players, iTouches, iPods, etc. are not to be carried or used during the school day unless being used for an academic purpose with teacher approval.

CELL PHONES AND USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT BY STUDENTS

Students are provided district-owned Chromebooks - connected to district networks - to be used for instructional purposes. Students are permitted to possess personal electronic devices, including cellular, smart-watch, tablets, or other personal connected devices. Students bringing electronic devices assume risk of damage, theft, or other loss of items. During school hours, devices are to remain in the student’s book bag and/or locker, and powered off. Use of such devices is prohibited during school hours except under the request and supervision of instructional staff. Devices may not be accessed during lunch periods.

Students ARE NOT permitted to take video or pictures of themselves or others without staff permission and supervision! Additionally, social media is prohibited while at school (examples are, but not limited to, Facebook, Instagram, Snapchat, Twitter, ... etc.)

Use of devices on the school bus is at the discretion of the individual driver and transportation supervisory staff.

TELEPHONE CALLS AND MESSAGES

School phones are available for use by students. Students who have school-related business requiring the use of a school phone may do so, after receiving permission from a staff member in the administrative or guidance office. All arrangements necessary for transportation to and from school activities should be made prior to school.

Messages to students from parents or guardians will be referred to students when appropriate, usually at the end of the day. Messages of an emergency nature from parents or guardians will be delivered immediately. Personal messages from those other than a parent or guardian will not be taken or forwarded by office staff.
BUSINESS PARTNERS
Milford Junior High School salutes our Business Partners. They provide expertise and support to our school operation and career education program.

SCHOOL PICTURES
Students will have their photographs taken twice yearly by the school photographer. The fall session is the source of pictures for the yearbook and photo I.D. cards; the spring session is primarily a service to the family. Make-up sessions will be scheduled for each session to accommodate students absent on picture days.

FIRE AND TORNADO DRILLS
Fire drills are conducted monthly. Tornado drills will be conducted periodically throughout the year. Students are to familiarize themselves with the correct procedure to evacuate each of their classrooms by reading the directions posted in the room and by asking their teacher. All students are to comply with all aspects of the drills.

PARENTS, VISITORS AND OTHER GUESTS TO THE BUILDING
1. Parents will be informed via the school’s newsletter and other publications, and a notice will be posted on each entrance door, that everyone must report to the main office when entering the building.
2. Parents, guests, or other persons who are in the building requiring access to locations other than the main office will be issued a visitors’ pass after utilizing the Raptor system with their state issued identification.
3. Parents or their designees who are picking up students during the school day will be required to log in while signing their student out for the day.
4. Students cannot be released to anyone without proper notification and identification. Office staff is directed to ask for identification from persons who are unfamiliar to them.
5. Proper permission from a parent or guardian is required before a student will be dismissed from school. Students will not be dismissed to anyone except a parent without prior permission from the parent or guardian. When a parent or guardian cannot be reached, approval for dismissal of a student will be granted according to Emergency Medical Authorization forms on file at the school.
6. All school employees are instructed to question anyone who is in the building not wearing a visitor’s or staff pass, or who is not recognized as a junior high student or an employee of the Milford Board of Education. These persons will be directed to report to the main office.

DAILY SECURITY PLAN
All outside doors will be locked before 1st period. The only doors opening from the outside from 7:15 A.M. to 2:05 P.M. will be the front doors by the office. The front doors will be monitored and anyone who wishes to enter the building must sign in and receive a visitor’s pass.

The hallway gates by the office and by Room 46 will be locked by 3:00 P.M., depending on the afternoon’s schedule. If groups are using rooms that are beyond the gates, the gates will be put up but not locked until the group is finished. Coaches will need to remind athletes that they may not be able to get to their hall lockers after practices and games. Athletes in season have lockers assigned to them in the locker rooms.

SCHOOL AGE VISITORS
We do not encourage school age visitors in the building. However, in some extreme cases, students may receive special visitor passes from the principal or an assistant principal. Arrangements for all school-age visitors must be made at least one day in advance of the proposed visit. Permission will not be granted to
any students from nearby schools, or whose age does not fall within the range of our student body. Visitors are not permitted during the first or last two weeks of school.

CANCELLATION OF SCHOOL
In the event of severe weather conditions or a similar calamity, the superintendent may choose to have school dismissed for the day. Students and parents are asked to listen to their radios, watch local TV news on severe weather days or check on-line at www.milfordschools.org. A notification will be sent using the District’s “SchoolMessenger” system. Please do not call the school unnecessarily.

POLICY REGARDING PARENTAL REQUESTS FOR CHANGING TEACHERS
When young adolescents deal with hormonal, emotional, and physical changes of puberty, conflicts with parents and teachers can be a natural consequence. Under stress, adolescents often mask their real frustration. Many times they misdirect their focus to other people, including teachers, instead of focusing on the actual source of their problem.

To help students grow to be responsible citizens and reliable employees able to deal with other personalities and other attitudes, we need to help young people learn to communicate and learn to adjust. Rapid schedule changes made when students, parents, or teachers are emotionally upset can foster a selfish, immature attitude which is counterproductive for the long-term goals of learning to cooperate and to work well with others. On the other hand, a schedule change occasionally is the most helpful, productive adjustment for all concerned. To help make the most intelligent, beneficial decision for the student’s long-term welfare, we have developed the following steps:

1. **STEP 1: SET UP A CONFERENCE.** Allowing a few days to plan comments and ideas will help all parties to deliver concerns more rationally and effectively. Face to face conferences, rather than telephone conversations, are best for problem-solving. If requested, a school counselor will be available to attend the conference. In most cases, the student should also attend.

2. **STEP 2: THE PLAN.** In the conference, all parties have an opportunity to listen to each other’s viewpoint and clarify issues and concerns. Parents confer with the teacher to express concerns and discuss circumstances which affect the student’s success. The teacher, parents, and student will use suggestions and comments to try to resolve the conflict. Participants agree to try the plan for a reasonable amount of time, typically for the duration of the grading period, or for any other mutually agreeable duration.

3. **STEP 3: FOLLOW-UP IF THE PLAN FAILS.** If the problem resurfaces, the parents will notify the counselor. Parents will write a formal letter to the principal, expressing the continued concerns and dissatisfaction. The principal will respond with appropriate action.

ATTENDANCE AND RELATED ISSUES

It is important that students attend school each day they are not ill. The Compulsory Attendance Law (O.R.C. 3313; 3321) requires that all students be in attendance, and in all classes assigned to them. Attendance is the responsibility of the student and the parent.
REPORTING ABSENCES (395-8338)
When a student is going to be absent, parents must call this 24 hour voice mailbox by 9:30 AM. Parents may call before or after school hours to report absent students. This is a voice mailbox, and is monitored daily by the attendance secretary.

ABSENCES
1. All students are required to attend school every day in accordance with state compulsory school attendance laws. Good attendance is a necessity for success in school.
2. All absences from the Junior High School, without prior approval, will be considered unexcused unless the parent/guardian notifies the Administrative Office between 7:00 and 9:30 A.M. on the first day of absence (395-8338).
3. The Administrative Office will try to contact the home of students whose parent/guardian fails to call the school by 9:30 A.M. deadline. If the Administrative Office is not successful in its attempt to reach the parent/guardian on the day of absence, in order to meet the state requirements, a voice call will be made and an email will be sent to the parent/guardian. A return call or response to the email must be made by the parent/guardian with an explanation. It should be returned within twenty-four (24) hours in order to determine whether the absence is excused or unexcused. If there is not a response with an explanation, the absence will be considered unexcused.

Reasons for which absences may be excused include, but are not limited to:

- **Personal illness:** The approving authority may require the certificate of a physician if he/she deems it advisable.
- **Illness in the family:** The approving authority may require a written statement from a physician and an explanation as to why the child’s absence was necessary.
- **Quarantine of the home:** The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials.
- **Death of a relative:** The absence arising from this condition is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence.
- **Medical or dental appointment:** The approving authority may require a written statement from a physician or dentist and an explanation as to why the child’s absence was necessary.
- **Observance of religious holidays:** Any child of any religious faith shall be excused if his absence was for the purpose of observing a religious holiday consistent with his truly held religious beliefs.
- **Emergency or other set of circumstances:** Circumstances which in the judgment of the superintendent of schools constitutes a good and sufficient cause for absence from school.

The administration reserves the right to ask for a doctor’s written excuse for any absence due to personal illness. Students with chronic illness or problems must have a doctor’s note on file each year.

The following daily attendance procedures will be in effect for the 2019-2020 school year:

1. All absences from the junior high school, without prior approval, will be considered unexcused unless the parent or guardian notifies the school before 9:30 AM at 513-395-8338. This is a voice mail system and is operational 24 hours per day.
2. Requests for early dismissals are to be in writing from the parent and brought to the attendance office prior to first period on the day needed. This note should include the reason for the early dismissal, who will be picking the student up, and a phone number of who can be contacted to verify the note if needed.

**Truancy and Absence Policy**

- A student will be considered to have excessive absences if they accumulate:
  - 38 or more hours in one month with or without a legitimate excuse.
  - 65 or more hours in one school year with or without a legitimate excuse.
- If a student has excessive absences the following will occur:
  - The district will notify the student’s parents in writing within 7 days of the triggering absence.
- A student will be considered habitually truant if they accumulate:
  - 30 or more consecutive hours without a legitimate excuse.
  - 42 or more hours in one school month without a legitimate excuse.
  - 72 or more hours in one school year without a legitimate excuse.
  - If a student is habitually truant, the following will occur:
    - The district will select members of an absence intervention team and make three meaningful attempts to secure the participation of the student’s parent or guardian on the absence intervention team.
    - The district (within 10 days of the triggering absence) will assign the student to the selected absence intervention team.
    - The district (within 14 days after assigning the absence intervention team) will develop the student’s absence intervention plan.
    - If a student does not make progress on the plan within 61 days (after the start of the plan) or continues to be habitually truant, the district will file a complaint in the juvenile court.

**TARDINESS**

There are clear expectations of all students to be prompt in their attendance to school and to class.

**TARDINESS TO CLASS**

Students are to be at each class on time. “On time” means that students are in their seat with their materials when the bell rings or when the teacher is ready to begin class. Students are dismissed from class by the teacher, not by the bell.

Students need to plan trips to lockers in such a way that it does not make it difficult to make it to class on time. It is not necessary for students to visit their lockers more than two or three times per day.

When a student is late for class, or if they have to be corrected for infractions such as not bringing the proper materials, time is taken away from the planned activities for the day.

Penalties for infractions of school rules vary depending on the nature of the infraction. Teachers may assign detentions for such things as tardiness to class, failure to bring assigned materials, failure to do assigned work, and other similar misconduct. Such misconduct is monitored from class to class, and may result in
students being assigned corrective action by the assistant principal if there is a pattern of frequency and/or general disregard for accepted practices of class attendance and participation.

Prompt attendance at all classes is important. Students are expected to be on time for all classes. Repeated unexcused tardiness to class will call for appropriate discipline by the classroom teacher.

**TARDINESS TO SCHOOL**

When arriving to school late, after ACE has begun, students are to report to the Administrative Office to “sign-in”. Only proof of a medical, dental, legal appointment, or special circumstances approved by an administrator are reasons for an excused tardy. All other reasons including traffic are considered unexcused tardies and will result in the following consequences:

**RETURNING TO SCHOOL FOLLOWING AN ABSENCE**

1. When returning to school following an absence, all students should follow this procedure:
2. If the parent/guardian failed to notify the school by phone regarding a student’s absence, a written excuse from the parent/guardian must be presented to the office.
3. The student assumes all responsibility for make-up work and must contact each teacher for any missed assignments. Students are permitted one day for each day missed in order to make up the assignments.

**FAMILY VACATIONS**

The Board does not believe that students should be excused from school for non-emergency trips out of the district. Students who are taken out of school for trips or vacations will not be given permission to do so by the school. The responsibility for such absence resides with the parents/guardians and they must not expect any work missed by their child to be re-taught by the teacher; however, if the school is notified in advance of such a trip, every reasonable effort will be made to prepare a general list of assignments for the student to do while he is absent.

**MAKE-UP WORK FOR ABSENCE(S)**

**MAKE-UP WORK FOR AN ABSENCE(S)**

The student assumes all responsibility for make-up work and must contact each teacher for any missed assignments. Students are permitted one day for each day missed in order to make-up the assignments. Students are responsible for turning their make-up work to their teacher(s) according to this timeline.

**GETTING ASSIGNMENTS DURING EXTENDED ABSENCES:**

Students that are absent for an extended period of time need to check Progress Book, Schoology, and Digits/Math XL for assignments and homework. Students and parents can email each teacher with questions.

It is important that students attend school each day they are not ill. The Compulsory Attendance Law (O.R.C. 3321) requires that all

Students be in attendance, and in all classes assigned to them. Attendance is the responsibility of the student and the parent.
MAKE-UP WORK DUE TO AN OUT OF SCHOOL SUSPENSION
A student who is out of school due to suspension shall be permitted to make up work. This work, when submitted in a timely manner according to established procedures will be accepted for credit. The absence for out of school suspension will be an excused absence.

We have also found the Schoology learning management system and Progress Book are the best ways for students to get make-up assignments when absent from school and have access to their computer.

EARLY DISMISSAL
If a student wishes to be excused from school during a particular time of day, he/she must present a note signed by the parent to the Administrative Office prior to school. The student will be called directly to the office at the time he/she is to leave. The student must report to the Administrative Office to sign out.

LATE BUS
Students who arrive at school late because of a late bus are not counted as being tardy. These students need to follow the directions given to them upon arrival regarding the sign-in process at the office.

FIELD TRIPS
Students participating in school-sponsored field trips are not counted as being absent from school. However, students are responsible for work missed or due during the classes they may miss while on the trip and no extra time is given for work due the next day. In many cases, it is best for students to take care of make-up arrangements in advance.

There is a grade-wide field trip for 8th grade to Live Oaks. This field trip is one of the career exploration opportunities provided to our 8th grade students. 8th grade students will also be attending the Taft Theater for a stage production of literary classics that they will be reading in Language Arts class. Permission must be granted for students to attend.

SHADOWING/MENTORING
Milford Junior High School encourages students to take advantage of opportunities to shadow parents or other adults in the workplace on a day when school is not in session.

Shadowing experiences sponsored by non-school groups, such as “Take Your Daughter to Work Day,” will not be approved. They will be unexcused absences.

STUDENT CONDUCT
Ohio law requires that students be informed of the rules of unacceptable behavior while under the jurisdiction of the school. This section of the handbook is designed to inform both students and parents of the discipline code at Milford Junior High School.

STUDENT CONDUCT PHILOSOPHY
The purpose of discipline at Milford Junior High School is to nurture an environment which supports:

1. the development of the individual,
2. the opportunity for all to learn free from fear and disruption,
3. the health and safety of students and staff,
4. the preservation of the property of students, staff and school, and
5. the efficient and orderly operation of a complex organization involving more than 900 students.

BEHAVIOR EXPECTATIONS
All students are expected to control their behavior to comply with appropriate and accepted standards which includes the following:

1. Conduct themselves at all times with courtesy and respect.
2. Never infringe upon the freedoms and rights of other students.
3. Cooperate with fellow students in contributing to the general welfare, health and safety of all students, and cooperate with staff and others who have designated responsibilities.
4. Respect and follow reasonable directions or commands by school authorities, including school administrators, teachers, and support staff.
5. Conduct themselves in a manner which is positive and creditable to the student body, outside the school as well as within its confines.

STUDENT CONDUCT
Ohio Revised Code §3313.66 requires that students are provided with a written notice of intent to suspend prior to being suspended. The statute also requires that students and parents are provided with a written notice of intent to expel. The notices shall include: (1) a statement of intent to discipline; (2) a description of the acts which were in violation of the Student Code of Conduct; (3) specific rules of the Student Code of Conduct which were violated; (4) and the dates of the suspension or expulsion.

The written notice of intent to suspend shall be given to the student at an informal hearing. The notice of intent to expel shall be sent to the student and his parents and the students and parents will be provided an opportunity for an informal hearing prior to a decision to expel.

A student or his parents may appeal any decision of the Milford Exempted Village School District administration to suspend a student from school to the superintendent/designee. A student or parent must request an appeal in writing within 10 days after the discipline measure takes effect. The student and his parent may be represented in all appeal hearings. Pursuant to Ohio law, a student or parent may further appeal an expulsion, suspension or denial of extracurricular activities to the Clermont County Court of Common Pleas.

It is the policy of the Milford Exempted Village School District Board of Education that students shall not be permitted to return to school pending any appeal process with the administration or the court. The school district will make every effort to promptly hear all appeals to minimize a student’s absence from school. Should the Board of Education, the superintendent, or their designees, reverse or modify a discipline decision and permit a student to return to school, such student shall be permitted ample time to make up all assignments and work missed as a result of his/her absence.
This Code of Regulations is adopted by the Board of Education of the Milford Exempted Village School District pursuant to Sections 3313.661 and 3313.662, Ohio Revised Code.

Any student engaging in the following types of conduct whether specifically or generally like the kinds of conduct listed below is subject to expulsion, suspension, emergency suspension, removal or permanent exclusion from curricular activities pursuant to THE OHIO REVISED CODE. Students are also subject to any additional penalties outlined within these regulations. This code of regulations applies while a student is in the custody or control of the school, on school grounds or closely proximate thereto, while at a school-sponsored function or activity or on school-owned or provided transportation vehicles. In addition, the Student Code of Conduct governs student activities at all times, on or off school property, when such student conduct is reasonably related to the health, safety and welfare of students or such conduct would unreasonably interrupt the education processes of the Milford Exempted Village School District.

SAFE SCHOOL HOTLINE

Students who believe they have been harassed, bullied, victimized by fellow students, or have other concerns which may jeopardize the safety of students, employees or school facilities, are asked to Speak Up! and promptly report the issue using our district’s new student/parent Hotline - accessible both online and by telephone.

Options to report an issue:

1. Call 1-866-listen2me (1-866-547-8362) and talk with a live attendant.

2. Call 1-866-listen2me (1-866-547-8362) and leave a voice message.

Milford Exempted Village School District has contracted with a company called PublicSchoolWORKS to provide this service and to ensure you remain anonymous. If you use the telephone reporting system, the person you will be talking with is not affiliated with our district. The attendant will listen to your issue, complete a written report, and then, if you’d like, transfer you to a specialist or other support person. After you finish your call or make your report online, the district will receive a confidential report from PublicSchoolWORKS. Your issue will then be investigated by our district.

INTIMIDATIONS/THREATS
Students should not take any action or say anything that could be interpreted as a threat against any student, staff member, or the school. Milford Junior High will not tolerate any threats of violence.

Safe Schools Ohio is a multi-agency effort created to assist schools in continuously improving the safety of our students. Public safety officials are repurposing an existing statewide hotline and will offer it at no cost to schools as a way for students to report potential suicide, school shootings, bullying or other problems anonymously.

HAZING AND BULLYING
(Harassment, Intimidation and Dating Violence)

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes both mental and physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.
Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified incidents of hazing and/or bullying and post the report on the District’s web site.

The administration provides training on the District’s hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

The prohibition against hazing, dating violence, harassment, intimidation or bullying is publicized in student handbooks and in the publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

SCHOOL PERSONNEL RESPONSIBILITIES AND COMPLAINT PROCEDURES

Hazing, bullying behavior and/or dating violence by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Hazing bullying and/or dating violence means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other students/school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools, including but not limited to District e-mail accounts and/or computers; on school-provided transportation or at any official school bus stop.

1. Hazing, bullying and/or dating violence can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:
   2. Physical violence and/or attacks;
   3. Threats, taunts and intimidation through words and/or gestures;
   4. Extortion, damage or stealing of money and/or possessions;
   5. Exclusion from the peer group or spreading rumors;
   6. Repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/online sites (also known as “cyber bullying”), such as the following:
      a. posting slurs on web sites, social networking sites, blogs or personal online journals;
      b. sending abusive or threatening e-mails, web site postings or comments and instant messages;
c. using camera phones to take embarrassing photographs or videos of students and/or distributing or posting the photos or videos online and
d. using web sites, social networking sites, blogs or personal online journals, e-mails or instant messages to circulate gossip and rumors to other students.

7. Excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

In evaluating whether conduct constitutes hazing or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted or appropriately inferred.

Teachers and Other School Staff

Teachers and other school staff who witness acts of hazing, bullying and/or dating violence as defined above, promptly notify the building principal/designee of the event observed, and promptly file a written incident report concerning the events witnessed.

Teachers and other school staff who receive student or parent reports of suspected hazing, bullying and/or dating violence promptly notify the building principal/designee of such report(s). If the report is a formal, written complaint, the complaint is forwarded to the building principal/designee no later than the next school day. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he/she prepares a written report of the informal complaint that is forwarded to the building principal/designee no later than the next school day.

BULLYING COMPLAINTS

1. Formal Complaints: Students and/or their parents or guardians may file reports regarding suspected hazing, harassment, intimidation, bullying and/or dating violence. The reports should be written. Such written reports must be reasonably specific including person(s) involved; number of times and places of the alleged conduct; the target of suspected harassment, intimidation and/or bullying and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator. They are promptly forwarded to the building principal/designee for review and action.

2. Informal Complaints: Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator or other school personnel. Such informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witness. The school staff member or administrator who receives the informal complaint promptly documents the complaint in writing, including the above information. This written report by the school staff member and/or administrator is promptly forwarded to the building principal/designee for review and action.

3. Anonymous Complaints: Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaint is reviewed and reasonable action is taken to address the situation, to the extent such action (1) does not disclose the source of the complaint,
and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of hazing, bullying and/or dating violence.

INTERVENTION STRATEGIES FOR BULLYING

1. Teachers and Other School Staff
   a. In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of hazing, bullying and/or dating violence in other interactions with students.
   b. School personnel may find opportunities to educate students about harassment, hazing, intimidation and bullying and help eliminate such prohibited behaviors through class discussions, counseling and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating or intimidating another student/school personnel, even if such conduct does not meet the formal definition of harassment, hazing, intimidation or bullying.

2. Administrator Responsibilities
   a. Investigation:
      i. The principal/designee is notified of any formal or informal complaint of suspected harassment, hazing, intimidation or bullying. Under the direction of the building principal/designee, all such complaints are investigated promptly. A written report of the investigation is prepared when the investigation is complete. The report includes findings of fact, a determination of whether acts of hazing, bullying and/or dating violence were verified, and when prohibited acts are verified, a recommendation for intervention, including disciplinary action, is included in the report. Where appropriate, written witness statements are attached to the report.
      ii. Notwithstanding the foregoing, when a student making an informal complaint has requested anonymity, the investigation of such complaint is limited as is appropriate in view of the anonymity of the complaint. Such limitation of the investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.
   b. Non-disciplinary Interventions:
      i. When verified acts of hazing, bullying and/or dating violence are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of the behavior, its prohibition and their duty to avoid any conduct that could be considered harassing, hazing, intimidating and/or bullying.
      ii. If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring some cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim’s communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.
   c. Disciplinary Interventions:
When acts of harassment, intimidation and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, cannot provide the basis for disciplinary action.

In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.

Expulsion may be imposed only after a hearing before the Board of Education, a committee of the Board or an impartial hearing officer designated by the Board of Education in accordance with Board policy. This consequence is reserved for serious incidents of harassment, intimidation or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

Allegations of criminal misconduct are reported to law enforcement, and suspected child abuse is reported to Child Protective Services, per required timelines.

If it has been determined that a student has been involved in bullying behaviors the following guideline for discipline will be used:

1. Offense 1: After school detention which will include writing a reflective summary regarding the incident
2. Offense 2: Friday school which will include writing an alternate reflection of why the bullying is continuing
3. Offense 3: Conference with parents, Olweus team and resource officer (when available to discuss consequences and a plan to deter the behavior.

Report to the Parent or Guardian of the Perpetrator

If, after investigation, acts of harassment, intimidation and bullying by a specific student are verified, the building principal/designee notifies the parent or guardian of the perpetrator, in writing, of that finding. If disciplinary consequences are imposed against such student, a description of such discipline is included in such notification.

Strategies are developed and implemented to protect students from additional harassment, intimidation or bullying, and from retaliation following reporting of incidents.

Reports to the Victim and His/Her Parent or Guardian

If, after investigation, acts of bullying or hazing against a specific student are verified, the building principal/designee notifies the parent/guardian of the victim of the finding. In providing such notification, care must be taken to respect the statutory privacy rights of the perpetrator.

Bullying matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

School administrators shall notify both the parents of a student who commits acts of harassment, intimidation, bullying and/or dating violence and the parents or guardians of students against whom such acts were committed, and shall allow access to any written reports pertaining to the incident, to the extent permitted by law.
Police and Child Protective Services

In addition to, or instead of, filing a complaint through this policy, a complainant may choose to exercise other options including, but not limited to, filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under any other provision of the Ohio Revised Code or common law that may apply.

The District must also investigate incidents of hazing, bullying and/or dating violence for the purpose of determining whether there has been a violation of District policy or regulations, even if law enforcement and/or the public children’s services are also investigating.

All District personnel must cooperate with investigations by outside agencies.

CLASSROOM EXPECTATIONS

MATERIALS
Students will always be expected to have proper materials with them when they report to class. Teachers will provide information about any special supplies or materials necessary for their particular classes.

TEXTBOOK CARE
Upon receiving a textbook, students are to look through it carefully. Students are to enter their name in ink in the place provided. This is extremely important so that the book can be returned if it is lost or misplaced.

Students are financially responsible to pay for lost or stolen texts issued to them, as well as for fines for damage to textbooks beyond normal wear and tear.

STUDENT BEHAVIOR IN NON-INSTRUCTIONAL AREAS
Student conduct in restrooms, corridors, the cafeteria and on school grounds is expected to reflect the rules of respect, health, welfare, rights and safety of others. Some kinds of behavior are simply not appropriate and are out of order.

Running, boisterousness, horseplay, and extreme loudness are not acceptable. The school setting is not the place for kissing, embracing or other signs of affection. Loitering in the restrooms is prohibited.

Students are expected to comply with reasonable requests made by staff in all non-instructional areas. Students should understand that the authority of the teacher does not end at the classroom door, but extends to every inch of the building and grounds. Students are also expected to cooperate with hall monitors, cafeteria workers, and custodians since these staff members have the necessary authority to fulfill their assigned responsibilities.

DRESS CODE
The goal and purpose of this dress code is to set standards and expectations of dress which serve to support a learning environment that is safe and focused upon learning. A primary focus of Milford Junior High School is to appropriately prepare students for life beyond the school environment and the standards listed below will
prepare students to engage, adapt, and demonstrate responsibility safely both in the school environment as well as in life beyond the classroom walls.

- Garments and attire shall not be harassing in nature nor discriminate against any ethnicity, culture, gender, sexuality or religion.
- Student faces shall be fully and clearly visible at all times while on school property. This means hats and hoodies are not permitted.
- Appropriate footwear shall be worn at all times while on school property.
- Outer layer of clothing should appropriately and reasonably cover the torso of the body. As well as the legs and shoulders.

**EXCEPTIONS**

Exceptions to the above dress code will be considered to provide for special events and to promote school spirit during these approved times. These exceptions require the prior approval of the building principal.

**Dress Code Violation Consequences:**

Students not in compliance with the Dress Code will meet with a school administrator to discuss their attire. The purpose of the discussion is to foster a learning opportunity for the student and return them appropriately to the learning environment. If necessary, disciplinary consequences may be issued by the administration. School administration will make the final determination on the appropriateness of student dress.

1. Students violating the dress code will be removed from class, sent to the office, and will need appropriate attire to re-enter class.
2. Flagrant and/or repeated intentional violations of this dress code will result in immediate administrative action that may result in suspension of up to 10 days, parent conference and/or possible recommendation to the superintendent for expulsion from Milford Junior High School.

**HOMEWORK POLICY**

Milford Junior High School recognizes the importance of assigning homework to our students. Homework assignments are designed to: reinforce skills learned in class, preview upcoming lessons, enrich the curriculum and provide and informal assessment of student knowledge. Therefore we believe the completion of homework is important and attributes to a student’s success.

If a student fails to turn in a homework assignment on the day in which it is due, the student will be given an opportunity to complete the missing assignment and return it at a later date (by the end of unit or quarter). The assignment will be graded and the student will have the opportunity to gain minimally 60% of the grade.
STUDENT DETentions

TEACHER ASSIGNED LUNCH DETENTIONS
Teacher-assigned lunch detentions are to be served in an area designated and supervised by a teacher. Students receiving lunch detention will, in most cases, be detained from their normal procedures during the Lunch period no longer than 30 minutes. This will include sufficient time to have access to the cafeteria in order to eat lunch.

Students who violate the rules of lunch detention will be reported to the Media Center Classroom. Violations of the detention rules will cause the offending student to lose credit for attendance at detention.

AFTER-SCHOOL DETENTION
Detention assigned by the teacher is held after school, Monday, Tuesday, Wednesday, Thursday and Friday, from 2:15 - 2:45 P.M. in a designated area. Students are to report to the front office by 2:10. Detention represents a supervised study hall in which students are expected to arrive on time and bring sufficient materials for study or reading. No talking, eating or sleeping is permitted.

The length and number of detentions will vary in accordance with the problem being addressed and with the history of the individuals being assigned the detentions. The student must complete the detention(s) or face more severe consequences. Students who violate the rules of the detention will be reported to the administration. Students who are tardy to detention will not be admitted.

Students who have been assigned a detention will be allowed a minimum of 24 hours in which to make any necessary transportation arrangements to meet the demands of the detention. When absent from school on the day in which he/she was to serve detention, a student is expected to serve detentions on the day she/he returns.

Personal commitments or involvement in school or community activities do not constitute a basis for an exemption from detention.

TUESDAY/FRIDAY SCHOOL
The purpose of Friday/Tuesday School at Milford Junior High is to enable students who otherwise would be suspended to remain at school and at the same time, provide them with an opportunity to improve their academic standing and to learn to take responsibility for their behavior.

All rules of student conduct are in effect. In addition to the rules in the Student Conduct Code, the students will be expected to observe the following:

1. Friday/Tuesday School will meet from 2:15 PM until 5:15 PM. Students are to report to the main office at 2:10. Tardy students admitted after 2:15 PM will be required to attend an additional Friday/Tuesday School or detention time during or after a school day. The time will be recorded and the appropriate consequences calculated.
2. No talking, eating or sleeping is permitted.
3. No electronic devices, cards, magazines, or other recreational articles will be permitted.
4. No food or beverage may be consumed during Friday/Tuesday School.
5. There will be a ten minute break at 3:45 PM. Students may go to the restroom, throw paper away, get out of their seat, and sharpen pencils at this time. Students are not allowed to go to other parts of the building or outside.

6. Packets from your teacher or an administrator. You are expected to complete all assignments given to you.

7. Tutoring in some subject areas may be available to students.

8. Assignments will be checked by the Friday/Tuesday School supervisor at the end of the day.

**IN-SCHOOL ASSIGNMENT**

Some infractions may warrant students being placed in our in-school assignment room for a certain length of time. This keeps the student from the typical classroom while allowing that student to complete any assignments that may be given.

**ALTERNATIVE TO SUSPENSION SCHOOL**

The Alternative to Suspension School is an option to suspending students out of school for infractions of school rules. It will provide a structured classroom for students who, out of school, would have no opportunity to make up work for credit, thus placing them in further academic jeopardy. The Alternative to Suspension School is housed within the Milford Success Academy, located next to the junior high.

**SUSPENSION**

The superintendent or principal may suspend a student for up to 10 consecutive days. A suspension bans the student from school premises and from school activities, if held off school grounds. The student will receive written notice of intent to suspend and the reasons for suspension. The student will have the opportunity before the principal or assistant principal to explain his/her actions. The informal hearing with the administrator may take place immediately after the incident being addressed.

Within 24 hours the student and parent/guardian will be given written notice of the suspension. This document will contain reasons for the suspension and its length, and will outline appeal procedures. In most cases, students will receive this written notice prior to leaving school.

**EXPULSION**

Only the superintendent may expel a student. Expulsion is removal of a student for more than 10 consecutive days, not to exceed 80 consecutive days. Recent changes in state and federal law enable or require the superintendent to expel for periods in excess of 80 days, or permanently, for certain violations.

The student and parent/guardian will be given written notice of the intent to expel, including reasons. The pupil and parent or representative will be given the opportunity to appear on request before the superintendent to appeal or explain the student’s actions. Within 24 hours the student and parent/guardian will be given written notice of the expulsion and the steps necessary for readmission, if applicable. Milford Board of Education policy requires a recommendation for expulsion in all violations of the Drug and Alcohol Policy, and a recommendation for expulsion is standard practice for student violations which greatly endanger the health or safety of students, staff or visitors.
DISTRICT POLICIES

COMPUTER/ONLINE SERVICES
(Student Acceptable Use and Internet Safety)

Statement of Purpose
Please read this document carefully. This is part of the student code of conduct. Therefore, this is a legally binding agreement indicating that by using any district technology resource, students have read the terms and conditions carefully and understand their significance. The details of this agreement reflect Board policy EDE.

The Milford Exempted Village School District Board of Education recognizes that an effective educational system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The Board also believes that students need to be proficient users of information, media, and technology to succeed in a digital world.

Therefore, the Milford Exempted Village School District will use technology resources as a powerful and compelling means for students to learn core subjects and applied skills in relevant and rigorous ways. It is the district’s goal to provide students with rich and ample opportunities to use technology for important purposes just as individuals in workplaces and other real-life settings. The district’s technology resources will enable educators and students to communicate, learn, share, collaborate and create, to think and solve problems, to manage their work, and to take ownership of their lives. The district authorizes the use of digital resources approved by the department of curriculum and instruction. Privacy policies for digital resources are available on the district website.

Filtering and Monitoring
Filtering software is used to block or filter access to visual depictions that are obscene and all child pornography in accordance with the Children’s Internet Protection Act (CIPA). Other objectionable material could be filtered. The determination of what constitutes “other objectionable” material is a local decision.

Filtering software is not 100% effective. While filters make it more difficult for objectionable material to be received or accessed, filters are not a solution in themselves. Every user must take responsibility for his or her use of the network and Internet and avoid objectionable sites.

Any attempts to defeat or bypass the district’s Internet filter or conceal Internet activity are prohibited, whether made with a district or personal technological device. This includes, but is not limited to, use of proxies, https, special ports, third party applications, portable hotspots, modifications to district browser settings and any other techniques designed to evade filtering or enable the publication of inappropriate content.
The district will provide appropriate adult supervision of Internet use. The first line of defense in controlling access by minors to inappropriate material on the Internet is deliberate and consistent monitoring of student access to district computers.

Staff members who supervise students, control electronic equipment or have occasion to observe student use of said equipment online make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district.

Staff makes reasonable efforts to become familiar with the Internet and to monitor, instruct and assist effectively.

Students are obligated to immediately report inappropriate or questionable content inadvertently viewed or accessed. Students shall report content to staff, and staff shall report the content through the designated support helpdesk.

**Personal Responsibility**

By using the network resources of the district, you are agreeing not only to follow the rules in this policy, but are agreeing to report any misuse of the network to a teacher or building principal. Misuse means any violation of this policy, Board policy, or any other use that is not included in the policy, but has the effect of harming another person or his or her property.

**Acceptable Use**

Any student enrolled in the district will have computer network and Internet access during the course of the school year only, except for district-sponsored summer programs.

By using any district technology resources, students, staff and guests acknowledge and understand the following regarding the use of the computer/network:

1. Computer use is not private. System managers have access to all messages relating to or in support of illegal activities, activities not in the best interest of the district, and such activities may be reported to the authorities.
2. All electronic data that passes through a district-owned computer or over the district’s network is subject to monitoring and seizure and may be handed over to law enforcement officers. The district reserves the right to inspect files stored on any personally owned device that is permitted to directly connect to the district network. An individual designation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or district policy.
3. All electronic data created for administrative or instructional purposes under the Board-approved curriculum for a course or program is the property of the district.
4. The rules and regulations of online etiquette are subject to change by the administration. The student code of conduct rules are applicable in the online environment as well.
5. The user in whose name a computer account is issued is responsible for its proper use at all times. Users must log off the computer to conclude a session or lock the computer if stepping away. Users
retain responsibility for the activity of anyone accessing the computer and/or network under their account. Users shall keep personal account information, home addresses and telephone numbers private. They shall use this system only under the login and password information issued to them by the district. Users shall not grant others access to a computer and/or the network under their login and password. If you believe your computer account has been compromised, contact the helpdesk or building principal immediately.

6. Computer systems and the district network shall be used only for purposes related to education.
7. Violation of this policy and agreement may result in the cancellation of user privileges and possible discipline under the student code of conduct.
8. Use of personal technology devices on school grounds, inside district vehicles, or remotely connecting to district resources via the Internet is also governed by this policy.

The Milford Exempted Village School District is providing access to its computer network and the Internet for educational purposes only. If you have doubt about whether a contemplated activity is educational, you should ask your teacher or building principal if a specific use is appropriate.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

Parents or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However,
schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

**DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Milford Exempted Village School District, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from a child’s education records. However, the Milford Exempted Village School District may disclose appropriately designated “directory information” without written consent unless a parent or eligible student (a student or former student who has reached age 18 or is attending a postsecondary school) has advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Milford Exempted Village School District to include this type of information from a child’s education records in certain school publications. Examples include:

- A playbill, showing a student’s role in a drama production.
- The annual yearbook.
- Honor roll or other recognition lists.
- Graduation programs.
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s or eligible student’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents or eligible students have advised the LEA that they do not want the student’s information disclosed without their prior written consent.

If you do not want Milford Exempted Village School District to disclose directory information from your child’s or eligible student’s education records without prior written consent, you must notify the district in writing within two weeks of the first day of the beginning of the new school year. The Milford Exempted Village School District has designated the following information as directory information:

- Student’s name
- (Legal Ref: Family Educational Rights & Privacy Act (FERPA) 34 CFR Part)
- Student’s address
- Student’s date of birth

Vision
To inspire, equip, and empower learners in a transformative learning environment for future readiness and success.

Student/Parent/Guardian will own the device after year three of the purchase plan and is paid in full. The district will manage the device for educational use as long as it is used as a 1:1 device by a student of Milford Schools during those three years.

Parent/Guardian and Student Orientation
Parents/guardians and students are required to view and sign the Milford Digital Learning Agreement and district Acceptable Use Policy (AUP) through Final Forms before a Chromebook can be issued to their student.

Student Distribution
Students will receive their Chromebooks and cases at Meet the Team Night/Open House in August.

New Student Distribution
All new students will be able to pick up their Chromebooks from the Technology department. Both students and their parents/guardians must sign the Milford Digital Learning Agreement and district Acceptable Use Policy (AUP) through Final Forms before a Chromebook can be issued to their student.

Returning Your Chromebook
End of Year
At the end of the school year, students will be responsible for the safekeeping of their chromebook and case over the summer. Students will be expected to bring their chromebook to school the following school year in good working condition. At the beginning of the school year, students will have the opportunity to bring their chromebook to the technology department for repairs.

Transferring/Withdrawing Students
Students that transfer out of or withdraw from Milford Schools must either turn in their Chromebooks and
cases or pay the remaining balance of ownership on their last day of attendance. Failure to turn in the Chromebook will result in the student being charged the full replacement cost (app. $300). Milford Exempted Village School District may also file a report of stolen property with the local law enforcement agency.

Taking Care of Your Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work should be reported to the classroom teacher and then taken directly to the technology department in the building as soon as possible so that they can be taken care of properly. District-owned Chromebooks should never be taken to an outside computer service for any type of repairs or maintenance. Students should never leave their Chromebooks unattended except in a secured location.

General Precautions

- No food or drink should be next to Chromebooks.
- Cords, cables, and removable storage devices must be inserted carefully into Chromebooks.
- Chromebooks should not be used or stored near pets.
- Chromebooks should not be used with the power cord plugged in when the cord may be a tripping hazard.
- Chromebooks and cases must remain free of any writing, drawing, stickers, and labels other than those provided by the school.
- Heavy objects should never be placed on top of the Chromebook.

Cases

- Each student will be issued a protective case for his/her Chromebook.
- The case must be kept on the Chromebook at all times.
- Although the cases are reinforced to help protect the Chromebooks, they are not guaranteed to prevent damage. It remains the student's responsibility to care for and protect his/her device.

Carrying Chromebooks

- Always transport Chromebooks with care and in Milford Junior High School-issued protective cases. Failure to do so may result in disciplinary action.
- Never lift Chromebooks by the screen.
- Never carry Chromebooks with the screen open.

Screen Care

The Chromebook screen can be damaged if subjected to heavy objects, rough treatment, some cleaning solvents, and other liquids. The screens are particularly sensitive to damage from excessive pressure.

- Do not put pressure on the top of a Chromebook when it is closed.
- Do not store a Chromebook with the screen open.
- Do not place anything in the protective case that will press against the cover.
- Make sure there is nothing on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- Only clean the screen with a soft, dry microfiber cloth or anti-static cloth.
Asset Tags

All Chromebooks will be labeled with a Milford Exempted Village Schools asset tag. Asset tags will include the “Milford Exempted Village Schools” and Chromebook identification number.
