EXTENDED DAY PHILOSOPHY

The philosophy of the Milford Exempted Village School District Extended Day Program is based on the belief that every child is a unique individual deserving of respect and nurturing.

We believe that...

▪ All children are special and we respect their individual differences.

▪ All children are entitled to safe, stimulating, and developmentally appropriate before/after school activities.

▪ Playing is an important vehicle for learning from early childhood through adolescence.

▪ It is important to engage all aspects of a child including the social, physical, emotional, and academic.
Establishing a mutually supportive relationship between staff and families is in the best interest of the children.

The Milford Exempted Village School District Extended Day Program is committed to providing excellent before/after school child care services to the families and young children of the Milford community.

The Milford Extended Day Goals are to provide…

Quality childcare in a safe and nurturing environment.

Age appropriate opportunities for the development of self-respect, independence, and self-confidence in each child.

Developmentally appropriate activities which foster positive growth in all aspects of each child including the social, emotional, physical, and academic.

A childcare environment that is responsive to and respectful of individual differences, learning styles, interests, family backgrounds, gender, race, and religion.

An environment that supports and nurtures cooperative and collaborative relationships between and among staff,
families, school district personnel, and the community of Milford.

Open, ongoing evaluation of the Extended Day Program and its staff members to ensure excellence in all areas of service.

The Milford Exempted Village School District Extended Day Program is licensed by The **Ohio Department of Education (ODE).** Rules and
program & licensing 3301-37 (preschool)

Since July 22, 1991, the Ohio Department of Education has been responsible for licensing and monitoring all early childhood programs operated through the public schools, county boards of Mental Retardation and Developmental Disabilities, and eligible chartered nonpublic schools under Am. Sub HB 155. The Department also licenses and monitors all eligible school age childcare programs that receive state or federal funds. Educational entities serving preschool and school age children enrolled in early learning environments and before- and after-school programs, are issued a license based upon evidence that the site is in full compliance with applicable state rules. Licensed and monitored sites ensure that programs:
- are located in safe, convenient facilities;
- are developmentally appropriate;
- are administered according to established rules, goals, objectives and procedures;
- are staffed by persons qualified to teach and nurture young children;
- ensure that children are immunized; and
- involve parents in their child’s education.

The licensing and monitoring process includes one site visit annually (and one additional if needed) to each preschool or school age childcare program; the reporting of noncompliance issues to superintendents and CEOs; and the aggregation of data for an annual report to the Governor and legislators. The rules for Licensing Preschool Programs, Chapter 3301-37 of the Ohio Administrative Code are revised and approved by the State Board of Education. The revised rules were updated June 30, 2014. An overview of the revision process and a summary of the revisions are available at:

http://www.ode.state.oh.us/ece/licensing/psrules.asp

All complaints and reports concerning the operation of programs regulated by the Administrative Code and sections 3301.52 to 3301.59 of the Revised Code may be reported to the Department ombudsman or the Office of Early Childhood Education. (The Ohio Department of Education can be reached at: 614-995-1545).

Because out-of-home early childhood programs play a growing role in children’s lives, it is more important than ever that early learning services promote children’s health, safety and development. The Department of Education continues its commitment to ensure that Ohio’s young children are served in safe, nurturing environments by qualified staff.

EXTENDED DAY CLASSES

Preschool, Kindergarten, and 1st through 6th grade

The daily schedule is designed to complement the developmental levels of the children within each group. Curriculum is developed according to ODE SACC program guidelines (3301-32-05 and 3301-37). Large muscle activities are incorporated into each day through the use of the gym or outside time. Much of each day is devoted to allowing the children to seek out activities of their choice. Adults then
intervene to support, encourage, enhance, or otherwise observe interactions taking place. Snack time is incorporated in the AM and PM with nutritional choices being considered at all times. Preschoolers have a lunch period as part of their day. Preschoolers have an am or pm nap/rest time of one and a half hours. Specific class schedules are posted outside of each room and at each elementary site.

EXTENDED DAY STAFF

Staff is required by the Ohio Department of Education to have fifteen hours of training annually including, but not limited to, First Aid, CPR, Child Abuse and Communicable Disease. Other topics pertinent to a school-age child care program may also be used for training purposes.

A staff member will supervise children at all times throughout the day in the program building, on the playground, and on field trips.

Child/Caregiver Ratio

- 3 years old 12:1
- 4 years old 14:1
- Kindergarten – 6th 18:1

CLASSROOM MANAGEMENT / DISCIPLINE

The Milford Exempted Village School District Extended Day Program believes all children and their families deserve quality childcare in a safe, nurturing, and stimulating environment. Therefore, it is important for us to develop a behavior/discipline plan that is appropriate and fair for all children while addressing the safety and general welfare of the children and staff. An appropriate behavior/discipline plan will aid us in our ultimate goal for the children to develop their own self-discipline.

The plan we have developed will be used at all Extended Day sites and throughout all grade levels. Each room or group of children will have a “behavior book” designated to them. The book will only be seen by the caregivers assigned to the children and office staff as necessary. There will be no chart, cards to flip, or names on board out of respect for the children and their privacy…the goal of discipline is to teach, not humiliate.

The behavior book will be used as follows when a child breaks an Extended Day rule(s) on a given day:

1. A verbal warning will be given. The child’s name and a brief explanation will be written in the book.
2. If a second offense occurs, the child receives a check mark, an explanation is written, and a “stop and think time” of one minute per each year of age is enforced. (e.g., a 4 year old will have 4 minutes and a 10 year old will have 10 minutes.) An F.Y.I. will be sent home.

3. If a third offense occurs, the child will receive a second check mark, an explanation is written, and another “stop and think time” is required. An FYI will be sent home.

4. If a fourth offense occurs, resulting in 3 check marks, the child will require another “stop and think time” and a behavior report will be sent home.

5. If a child continues to have difficulty following Extended Day rules after these procedures, they will be sent to the office for their “stop and think time”, their parents will be called, and a behavior report sent home.

These procedures will be followed for failure to adhere to the general Extended Day Rules of Conduct. Severe behaviors will follow the Severe Behavior Procedures listed on p.15.

**Extended Day Rules of Conduct**

Participants are expected to follow the same rules of conduct that are required by the MEVSD elementary schools (please refer to your child’s school handbook). General rules posted in all Extended Day classrooms and building sites are as follows:

- Keep hands, feet, and objects to yourself and respect personal space.
- Be respectful of yourself and others.
- Follow directions the first time they are given.
- Use quiet voices in the classroom, halls, restroom, and cafeteria.
- Show respect for school and personal property.
- Use walking feet inside the building.
- Conduct yourself appropriately in the private space of the restroom.
- NO toys from home are to be brought to Extended Day.
- Have fun in a safe manner.

*Specific rules that fall under these general guidelines will be developed and implemented in each room/building site as needed.*

**Dangerous and Severe Behavior**

- Fighting
- Student or staff abuse physical or verbal
- Disruption of program which makes it unsafe for others
- Destruction of school or Extended Day property
- Stealing
- Refusal to follow directions
- Bringing any object to Extended Day that might be dangerous or considered capable of harming another person
- Other behaviors that violate the Board of Education Policy according to Ohio Revised Code S3313.66 as listed below

**Severe Behavior Procedures**
1. A behavior report will be filled out by caregiver.
2. Child will be suspended for remainder of the day and parents will be contacted to pick them up.
3. Repeated severe misbehavior will result in a full day suspension.
4. Three suspensions for severe behavior will result in expulsion from the Extended Day Program.
5. The Milford Extended Day Program reserves the right to implement “emergency suspension or expulsion” based on the severity of the behavior.

**Addendum to Discipline Policy per State Regulations**

**SACC 32 09 E – SACC 32 09 #9**

No discipline will be delegated to any other child.

No physical restraints shall be used to confine a child by any means other than holding a child for a short period of time, such as in a protective hug, so the child may regain control.

No child shall be placed in a locked room or confined in an enclosed area such as a closet, a box, or a similar cubicle.

No child shall be subjected to profane language, threats, derogatory remarks about himself/herself or his/her family, or other verbal abuse.

Discipline shall not be imposed on a child for failure to eat, failure to sleep, or for toileting accidents.

Techniques of discipline shall not humiliate, shame, or frighten a child.

Discipline shall not include withholding food, rest, or toilet use.

MEDICAL POLICY AND PROCEDURES

The Ohio Department of Education requires that each child have a student file in the office prior to being permitted to attend the Extended Day Program.
This file must include:

- A medical form completed by a licensed physician prior to the date of admission or not later than thirty days after the date of admission and annually from the date of examination thereafter. Required and kept at each elementary school.
- Physician and/or dentist authorization and written instructions to administer prescription medication to a child enrolled in the program, if applicable.
- Immunization record as required by section 3313.67 of the Revised Code; record shall include immunization required by section 3313.671 of the Revised Code. Children who do not have evidence of proper immunizations will be excluded from preschool. Required and kept at each elementary school.
- Each child is required to have an emergency medical authorization form on file. These forms must be completed and returned before the first day of school. They will be kept on file in the classroom. In the event of an emergency, the following procedures will be taken:
  ➢ Parents will be contacted immediately unless the situation is life threatening. In this case, 911 will be called before attempting to reach the parents.
  ➢ If efforts to reach the parents are unsuccessful, the faculty will follow instructions listed on the Emergency Medical Form.
  ➢ Because of these procedures and for the safety of your child(ren), it is imperative that you update the Emergency Medical Form in the Extended Day office if any phone numbers change.
  ➢ A child suspected of having a communicable disease shall be isolated in a room or portion of a room not being used in the school child program and within sight or hearing of a staff member.

**GUIDELINES FOR ILLNESS AND MEDICAL CONCERNS**

**DO I KEEP MY CHILD HOME FROM SCHOOL /EXTENDED DAY?**

Just a reminder…**DO NOT** send your child to school if **ANY** of these signs or symptoms has occurred in the previous 24 hours:

1. Vomiting, nausea, and abdominal pain.
2. Elevated temperature (100° or higher) without the use of fever reducing medication.
3. Repeated diarrhea (3 or more a day).
4. Acute cold with thick nasal drainage, sore throat or persistent cough.
5. Red or inflamed eyes, or discharge from eyes.
6. Unusual lethargic behavior.
7. Frequent asthma attacks that are not responsive to normal medication.
There will be times when it is difficult to tell when your child is too ill to go to school. Like adults, children have very different tolerances to discomfort or illness. Even the common cold affects everyone differently. If your child is coughing continuously, he or she will not be able to concentrate and will disrupt others in the classroom. A day of rest at home combined with lots of fluid speeds their recovery.

If you decide to send your child to school when he or she is on the “borderline” of being ill, it is a good idea to call your school nurse/health aide and the Extended Day Office. BE SURE to let the school know where you can be contacted in case your child’s condition worsens. If your child is sent home from school with a fever above 100° or if he/she has vomited, they should stay home the following day and until they are vomit and fever-free.

If your child is diagnosed with Strep throat he/she must have 24 hours of antibiotics and be fever-free before returning to school.

Pink eye (conjunctivitis) – If your child has symptoms of pink eye at school (red & inflamed eyes with drainage), the nurse will call you and encourage you to seek medical treatment. Immediate exclusion is not always necessary. If the physician diagnoses your child with bacterial pinkeye, he/she must be excluded from school until 24 hours of antibacterial treatment is administered.

CONTACT YOUR PRIMARY CARE PHYSICIAN FOR QUESTIONS

When children become ill at Extended Day, the school nurse, or an Extended Day staff member will determine if the child is well enough to stay at Extended Day. If it is determined that the child is ill and should go home, then the parents of the child will be contacted to come and get him/her. State guidelines mandate that any child with the signs of communicable disease or illness must be immediately isolated. Parents will be notified immediately to come and pick up the child and are expected to do so as quickly as possible. If your child has been isolated for a communicable disease, please contact the school nurse in regards to a need for doctor’s permission to return. Parent cooperation and understanding in this matter is appreciated.

MEVSD FOOD ALLERGY GUIDELINES

Information concerning the district’s food allergy guidelines is available on the district website at www.milfordschools.org

Individual families with food allergies should contact Extended Day prior to the beginning of the school year to meet with the Office Staff, Caregiver, and Health Aide.

If at any time you have a question or concern, please contact the district nurse at 513-576-2214 or email Price_p@milfordschools.org
MEVSD HEAD LICE POLICY

CONTROL OF HEAD LICE

SCHOOL EXCLUSION AND REINSTATEMENT

Students found to have live head lice during the school hours shall be excluded from school and may not return until one of the following occurs:

A. The child is totally free of all live lice and parents sign a compliance/release form stating that the child has been treated with a head lice treatment and have begun removal of all nits. Nits that remain must be removed by 10 days.
B. After 10 days if any further nits remain, a second treatment is recommended.
C. If, after 2 treatments with over the counter products fail to remove all active cases of head lice and nits, Milford Schools will recommend to seek advice from their Health Care Provider.
D. Chronic Infestations: a chronic case is a child found infested more than 3 incidences in a 10 week period. This may require a health care provider’s statement to be readmitted back to school.
E. Each child who has been treated for head lice MUST be checked by the Nurse at the school BEFORE being admitted back to class.
F. The child will have 1 excused day absence to provide treatment. If additional days are needed to provide the above treatments, each day will be an Unexcused absence per day. After 5 days of unexcused absences the student’s attendance will be turned over to our School Truant officer. (See policy on attendance)

TREATMENT RECOMMENDATIONS:
The school will provide written information sheets for all known types of treatment, recommendations, and prevention education. This will be sent home with the affected child.

PARENTAL RESPONSIBILITY:
In order to decrease the number of outbreaks at Milford Schools, it is the Parent/Guardian’s responsibility to:

1. If you find a case of active head lice, notify your child’s school, babysitters, extended day caregivers, and neighborhood parents.
2. Not to put blame on anyone, head lice can happen to anyone. Many Parents have the impression that a person becomes infested because he/she is unclean. This is NOT TRUE. Frequent bathing neither prevents nor eliminates the infestation.
3. Educate yourselves and children on prevention. Do not share combs, brushes, hats, hair scrunchies, barrettes, scarves, coats, etc. This is one of the primary means of lice migrating from one child to another.
4. If your child has been found with head lice at school, provide us with accurate/updated phone numbers so we can get your child home and begin treatment as soon as possible so they can return to school.
5. Accompany your child to the clinic prior to being readmitted back to class. Do not send your child on the bus.

SCHOOL RESPONSIBILITY:
If a child is found to have active live head lice during school hours the school will:
1. Remove the child from class and immediately call parent/guardian.
2. Question the child of whom they’ve had close contact with. Example, sleepover the past 2 weeks etc…
3. Identify those children who potentially have been exposed and screen those children.
4. Provide education to parent/guardian regarding treatment options, further outbreaks and prevention.
5. Classroom-mass screenings and letters home to parents will only be done if 3 students of unrelated occurrences in one classroom are infested within 2 consecutive weeks. (Hootman 2004). This is recommended from the National Association of School Nurses.
6. The nurse at the school will re-screen those children who have been sent home for treatment prior to being admitted back to the classroom.
7. Those children who have not been treated or continue to have active live head lice will be sent back home.
8. Those children readmitted to school after treatment will be re-screened by the nurse at the school between 10 and 21 days.
9. Those students identified with active head lice who have siblings in the district. The nurse will contact the other nurse at that building.

Compliance with the policy on Lice is mandatory and requires a parent signature to ensure parental support and compliance.

**STUDENT RECORDS**

**CONFIDENTIALITY:**

Student records are confidential and are protected by the “Privacy Act”. Only authorized Extended Day personnel and the child’s natural parents or legal guardian have access to these records. Information is only given to others after permission has been granted by the child’s parents.

**CHILD CUSTODY:**

Parents are to inform Extended Day anytime the custody of a child changes (SB-140 requires this information). Extended Day must have a copy of Court Orders pertaining to a child’s custody. In most cases of joint custody, both parents have the right to pick up the children. Extended Day will not be involved in scheduling pick ups. Questions concerning proper procedures will be handled through the Extended Day office. Restraining orders must be on file in our office to activate non-release of children. Should the restraining order not be in effect, it is the responsibility of the parent to contact the Extended Day office.
PARENT’S ACCESS TO STUDENT RECORDS:

Communication lines between parents and the Extended Day Staff must remain open concerning the records being maintained on the children. Extended Day records must contain personal information about the student (name, birth date, address, phone, etc.), health and emergency information. Parents have the right to request access to their child’s Extended Day records and the reasonable request of the Extended Day Director to explain and/or interpret those records. Parents may request copies of the records. Extended Day must grant access to these records within 45 days of request.

NON-CUSTODIAL PARENT ACCESS TO STUDENT RECORDS:

A divorce or change in custody does not change the right of a natural parent to have access to their child’s records. A non-custodial parent may request and receive a copy of the child’s records; however, step-parents have no rights to records, reports, or conferences unless granted by the custodial parent.
