- [NWEA Map](#) - training kick-off held
- [Work Readiness Initiative](#) - update
- [Secondary Curriculum](#) published and explanation
- High School Bell Schedule Update
 - Rationale - On 8-5-21, the high school BLT met to discuss the block schedule. The administrative team had questions and wanted to allow the BLT to present the thought process that went into the creation of the block schedule. After the BLT presented, the administrative team had a series of questions because of a lack of understanding of the schedule from a macro perspective. This created an honest conversation in which there was a bit of apprehension for the full block schedule. To be proactive, the administrative team developed a hybrid schedule that supported the work the BLT had previously done. After presenting the BLT

had a conversation about the next steps, and it was agreed upon that the Hybrid 2.0 schedule would be how we would move forward this year.
