## Rev It Up!

### Community & Sportsmanship

#### Dream Team Challenge

Here at Right Club, we are a team. What better way to start the year off than this collection of exciting team challenges! We'll challenge our minds and bodies with group games that show everything is more fun with friends!

#### Right Club Gives Back

Sometimes people in our community need help, but what can kids do? A lot! We'll find out just how much by creating our own service projects to make our school, town, and world a better place as we give back to our neighbors.

#### Motion Commotion

Get ready to put the "loco" in locomotion! This kinetic collection of animated activities will help us explore all things motion, from movement-inspired artwork to goofy games and the science that makes it all possible.

## Mega Makers

### Engineering & Self-Expression

#### Brick Masters

Let's put on our hard hats. It's time to hit the construction site! We'll put our engineering expertise to the test to see how you "stack" up against friends. Get ready to build silly structures and ingenious inventions brick-by-brick.

#### DIY Doozies

Calling all makers and creators! This collection of challenging and fun activities will stretch our resourcefulness to the limit, while showing us some new tricks of the DIY trade. Wait until you see what we are capable of creating with a little imagination and a can-do spirit!

#### Artsy Fartsy

Art is a way of expressing our ideas in creative, beautiful, and sometimes strange ways. We'll journey through this world to find out how artists create their masterpieces while discovering our own talent and style.

## Stage Quest

### Literature & Performing Arts

#### Step Into the Story

Our favorite stories involve memorable characters overcoming incredible odds, but how would you solve those same problems? We'll become characters in the story to help Rapunzel, Billy Goats Gruff, and many others find their happy endings!

#### Move 'n Groove

Lace up those dancin' shoes and show us what you got! We'll hit the dance floor in this fun-filled exploration of movement and music. From music from faraway lands to dance steps inspired by everyday life, we learn there is no wrong way to get down!

#### RC Variety Show

Get ready for Right Club's annual Variety Show! We will experience all of the elements of putting on a polished performance, like rehearsing, marketing, becoming an emcee, and taking to the stage for a memorable night with family and friends.

## Amazing Journeys

### Culture & Exploration

#### Time Travelers

History is much more than words in books; it's the story of how we got here. Let's jump into our time machine to explore some of the most fascinating and unusual people, places, and events that led us to today, through crafty art projects and fun outdoor games.

#### Around the World in 15 Days

Our planet is an incredible place filled with beautiful locations and diverse cultures. What do kids in Asia do for fun? What's life like in Africa? What unique adventures are found in South America? Let's explore it together on a 15 day whirlwind trip around the globe.

#### Earth's Wildest Animals

The animal kingdom includes more than bunnies and kittens. It's time to show the bobbit worm and ninja lanternshark a little love, too! We'll take a look at some of these underappreciated creatures, their amazing abilities, and the curious things they do to survive.

## Grand Finale

### Leadership & Self-Reflection

#### Kids Take Charge & Right Club Memories

Ever wonder what it would be like if kids ran the world? It's time to find out in this role-reversing unit that sees kids stepping up to share their skills and knowledge with their friends, and even teach the adults! Share your expertise in art, sports, dance... it's up to you. You're in charge!

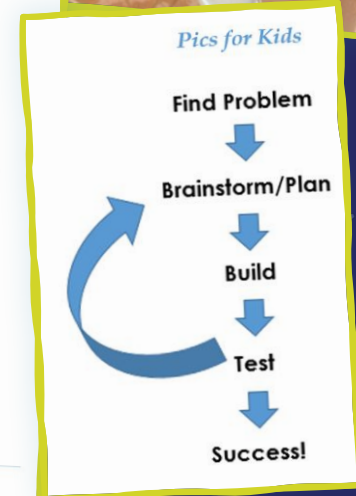

# Students Love Our Disguised Learning™

## Just another day in Right After School:

- Critical Thinking
- Social-Emotional Learning
- Collaboration
- Problem-Solving
- Engineering & Physics
- History & Geography

...and much more

Professional  
Development

# Safety is Our #1 Priority

**BEFORE HIRE:** Exhaustive pre-hire vetting (FBI & BCI background checks, sex offender & abuse/neglect registry checks, past employment verification, reference checks)

**PROCEDURES:** Every procedure (check-in/out, attendance, transitions) is focused on ensuring student safety

**PARTNERSHIP:** We partner closely with District on school safety procedures (emergency plans, lock-down drills, etc.) and communicate proactively

**PRACTICE:** Our Managers focus continuously on safety (live training, drills, quality checks)

# Training & Hiring

## Our Staffing Model

### Regional Director and Area Managers

Oversee relationships with School Board, District Administrators, and School leaders. Accountable for program health, staff & operations, and overall parent satisfaction.

### On-Site School Program Managers

One Program Manager at every school who maintains close relationships with Principals and Teachers, while being the primary representative working with families.

### On-Site Educators

Our Educators are the heart and soul of Right At School – engaging students every day in our curriculum, fitness, social-emotional development, and much more!

How we oversee programs!
