Right Club Curriculum Calendar

Rev It Up!

- Community & Sportmanship
  - Dream Team Challenge
    - Here at Right Club, we are a team. What better way to start the year off than this collection of exciting team challenges? We'll challenge our minds and bodies with group games that show everything is more fun with friends!

- Right Club Gives Back
  - Sometimes people in our community need help, but what can kids do? A lot! We'll find out just how much by creating our own service projects to make our school, town, and world a better place as we give back to our neighbors.

Motion Commotion

- Get ready to put the "boo" in locomotion! This kinetic collection of animated activities will help us explore all things related to movement-inspired artwork to goofy games and the science that makes it all possible.

Mega Makers

- Engineering & Self-Expression
  - Brick Masters
    - Let's put our hard hats on. It's time to hit the construction site! We'll put our engineering expertise to the test to see how you "stack" up against friends. Get ready to build silly structures and ingenious inventions brick-by-brick.

- DIY Dozzies
  - Calling all makers and creators! This collection of challenging and fun activities will stretch our resourcefulness to the limit while showing us some new tricks of the DIY trade. Wait until you see what we are capable of creating with a little imagination and a can-do spirit!

- Artsy Fartsy
  - Art is a way of expressing our ideas in creative, beautiful, and sometimes strange ways. We'll journey through this world to find out how artists create their masterpieces while discovering our own talent and style.

Stage Quest

- Literature & Performing Arts
  - Step Into the Story
    - Our favorite stories involve memorable characters overcoming incredible odds, but how would you solve these same problems? We'll become characters in the story to help Rapunzel, Billy Goats Gruff, and many others find their happy endings!

- Move 'n Groove
  - Lace up those dance shoes and show us what you got! We'll hit the dance floor in this fun-filled exploration of movement and music. From music from faraway lands to dance steps inspired by everyday life, we learn there is no wrong way to get down!

- RC Variety Show
  - Get ready for Right Club’s annual Variety Show! We will experience all of the elements of putting on a polished performance, like rehearsing, marketing, becoming an encore, and taking to the stage for a memorable night with family and friends.

Amazing Journeys

- Culture & Exploration
  - Time Travelers
    - History is much more than words in books; it's the story of how we got here. Let's jump into our time machine to explore some of the most fascinating and unusual people, places, and events that led us to today, through crafty art projects and fun outdoor games.

- Around the World in 15 Days
  - Our planet is an incredible place filled with beautiful locations and diverse cultures. What do kids in Asia do for fun? What's life like in Africa? What unique adventures are found in South America? Let's explore together on a 15 day whirlwind trip around the globe.

- Earth’s Wildest Animals
  - The animal kingdom includes more than bunnies and kittens. It's time to show the bobbit worm and ninja lanternshark a little love, too! We'll take a look at some of these underappreciated creatures, their amazing abilities, and the curious things they do to survive.

Grand Finale

- Leadership & Self-Reflection
  - Kids Take Charge & Right Club Memories
    - Ever wonder what it would be like if kids ran the world? It's time to find out in this role-reversing epic that sees kids stepping up to share their skills and knowledge with their friends, and even teach the adults! Share your expertise in art, sports, dance... it's up to you. You're in charge!
